IMMEDIATE RELEASE

MANUAL OF BASIC TRAINING FOR AUXILIARY POLICE

1. Enclosed is a multigraphed copy of a Manual of Basic Training for Auxiliary Police. This was specially prepared by representatives of Pennsylvania's law enforcement agencies for use in Pennsylvania.

2. Our plan is to make copies of the Manual available in printed form, but this must await the appropriation of funds by the General Assembly. In the meanwhile, limited numbers of the copies of the multigraphed edition will be furnished to County Civil Defense Directors upon specific request.
